SEMI-WEEKLY INTERIOR JOURNAL.

VOL. XVII. STANFORD, KY. TUESDAY, JUNE 4, 1889. NO. 33

DANVILLE, BOYLE COUNTY.

—Dunn & Embry bought of Granville Lyon a 3-year-old mare for $150. Saturday Wakefield & Lee sold to some Lexington parties 6 mules for $750.

—The meeting at the Methodist church which has been in progress for three weeks, closed Sunday night with about 40 confessions and a good many additions to the church.

—Mrs. Archie Robinson's elocutionary entertainment at the Clemens House last Friday night was highly enjoyed by a good crowd. Mrs. R. will probably go to Baltimore soon for a more thorough development of her talent.

—All the talk now is about commencements of the different schools. Miss Ritchie will give a musical entertainment in the City hall Monday night. The exercises of Caldwell College will be given in the Second Presbyterian church Tuesday night.

—The Boyle County Sunday-School Convention, which was held at Caldwell Church, was well attended, considering the inclement weather. If the weather had been pleasant a large crowd would have been in attendance. Most everything on the programme was filled and there were an abundance of good things to eat.

—If ever there was a subject worn threadbare by being discussed too much it was the weather last week. Such remarks as these were being made by everybody: "Did you ever see before such weather for this time of year?" "I'm about to freeze." "Have you any fire?" "Did you know it snowed to-day?" "An overcoat is comfortable to-day," etc.

—An election was held here Saturday for the purpose of electing trustees and a city attorney. The old board of trustees were re-elected. There were two candidates for city attorney—Speed S. Fry and Robert McKee. The race did not get hot till late in the evening, when the candidates were running close together. McKee's friends came to his assistance at the last and elected him by 11 votes. A good many were at the polls who wanted to vote when they were closed.

HUBBLE.—Henry Cox sold Bowen Pennington some corn for $1.75 per barrel. J. W. Bright was elected trustee of our school district. Richard Withers and Perry Hudson in the colored district. Primary election was held here Saturday for electing delegates to the general democratic convention held at Stanford, Monday, June 3. J. A. Hammonds was elected chairman, J. W. Swope, secretary. George P. Bright and L. G. Hubble were elected delegates to cast the precinct's vote at the convention. As the voters were not united on any one yet before the people, the delegates go instructed to cast their votes for the best man offering before the convention. Henry Cox bought one 2-year-old filly from R. L. Hubble for $100. The concert and supper here was a grand success, patronized by people from all localities in so much that there was a large assembly. There was good order observed in every respect. Everybody enjoyed the exercises and the sisters cleared a net sum of $50.

GUARDING THE MILLIONS.—Sub-Treasurer Roberts, of New York, who has the custody of $183,000,000 of the Government's money, has devised additional safeguards for guarding the treasure. Two men alone know the secret of the lock in the vault—one knowing one-half of the combination, the other the second half. These men will be known to their associates, but to avoid complication in the case of death, Mr. Roberts has given another two the combinations. The latter two are not known to their associates, and are not even known to each other. Further, to guard against mishaps, the two men known to have the combinations have written, in separate sealed envelopes, each his half of the secret, and Mr. Roberts put these envelopes in a big envelope, plastered it with sealing wax from end to end, and locked it in the safe. This is for his own benefit, in case the holders of one undivided half of the secret should be sick or die. Mr. Roberts would then break the great chump of wax on the big envelope and for the first time know the secret himself.

The courtesies of the Mammoth Cave have been extended the Kentucky Press Association, and the rate at the hotel reduced to $2 per day. For this the association is indebted to Col. G. A. Park, general passenger agent of the Owensboro & Nashville railroad, who has been untiring in his efforts to make everything connected with the meeting a complete success. When the press gang meet him they will all fall in love with him.—Owensboro Messenger.

A discussion as to the height of trees in the forests of Victoria, New South Wales, has elicited from Baron von Mueller, the government botanist, the statement that he saw one 525 feet tall.

You Cannot Afford

At this season of the year to be without a good reliable diarrhoea balsam in the house, as cramps, colic, diarrhoea and all inflammation of the stomach and bowels are exceedingly dangerous if not attended to at once. One bottle of Begg's' Diarrhoea Balsam will do more good in cases of the kind than any other medicine on earth. We guarantee it. A. R. Penny, Druggist

CRAB ORCHARD

—Farmers all doing nothing; everything too wet.

—Mrs. Rhoda Higgins, her son, Samuel Higgins, and wife, are the guests of Messrs. J. C. and George King. Mrs. R. Gregg, of Louisville, is also a guest of the Springs. Mr. J. C. King has had the Springs grounds cleared up and everything is lovely.

—On account of the inclement weather the picnic at Dripping Springs Saturday, June 1, was but slimly attended. The weather alone did it, as all know Mr. and Mrs. D. G. Slaughter as the best entertainers of the country, and Dripping Springs a love of a spot for a picnic.

—Death has taken the flower from another home. Miss Lena Vanderpool passed away last Friday evening at the age of 14, lovely and lovable. The tender plant is transplanted in a higher and better home. She connected herself with the Christian church under the preaching of Elder R. H. Fife, of Lebanon, who officiated at the funeral, which was held at the Christian church Saturday afternoon. How soon has the young christian been called to rest.

—Dr. Armendt arrived Saturday and is the guest of Mr. J. T. Chadwick. Mr. W. H. Pettus, the polite assistant at the depot, spent Sunday at his home in Preachersville. Saturday, the day for election of school trustees, was more than ordinarily warm about the schoolhouse, where at some places there were factions and strong opposition. Some of the school districts poled full votes. It is not often the case that there is such a contention for the office of school trustee, but it may encourage a better interest in schools and redound to the good of the community. Mr. J. F. Holdam was elected in this district, Charlie Redd, Jr., and W. F. Watson in District No. 7. One trustee resigned necessitating the election of two.

DEATH'S DOINGS.

—Mr. Smith Bryant, an aged citizen of Burnside, died suddenly last week.

—Mrs. Edward Million, who was a daughter of Joseph Kennedy, died in Garrard on the 29th.

—Capt. James A. Allen, of the "Orphans' Brigade," died at Paris from the effects of a wound received in the battle of Chickamauga.

—Mrs. Collier, wife of section boss David Collier, died at her home near Rowland Thursday night of consumption. Her remains were interred in Buffalo cemetery Friday.

AFTER a long life of 81 years Thomas Ball breathed his last Saturday morning at 11. He suffered from a liver and stomach affection and that with a general giving away of the system was the cause of his death. In his earlier years "Uncle Tommy," as he was generally called, was a Methodist preacher, but in his latter days he became skeptical and abandoned the pulpit and gave up many of the religious views that he had previously entertained and taught. He used to tell in his measured and peculiar tone that he preached a whole year for one church and all he got was one pair of socks that a sister knitted for him. This kind of treatment was enough to make a man skeptical, though he did not give that as a reason for his change of mind. He was a man of much intelligence and in all his dealings with his fellow man, he was, to use the expression of a neighbor, as straight as a shingle and as honest as the days are long. He leaves an aged wife and five children, all of the latter grown, Thomas C. Ball, the Rowland merchant, being the youngest. Uncle Tommy leaves an estate of about $15,000 after having divided a good sum with his children a few years ago. The remains were interred Sunday at Goshen church in the presence of a very large crowd of his neighbors and friends.

The Galt House, of Louisville, is said to have the best outside fire escapes in use at any hotel in this country. They are simply spiral iron stair-cases, strong, serviceable and safe, and at the same time quite ornamental, extending from the top story to the ground. The feeblest woman or the youngest child could easily get out of a burning building by means of such an "escape." Two of these stairways, built by the Sneed Iron Works, of Louisville, have been purchased by the Galt House Company at a cost of $2,000.

A YEAR'S SNAKE RECORD.—Mr. J. W. Griffin, who lives about six miles from town, killed in the summer of 1887, 377 snakes and in the summer of 1888 382. He has been bitten twice by large rattlesnakes and says he can cure the bite any time. Snakes are doing bad business to come in the way of this wholesale slayer. He is h—l on snakes.—Wilcox, Ga., Watchman.

The following remarkable instrument is the last will and testament of Dolly Jones, colored, of Jasper, Fla., and was signed September 27, 1888: "Furder I want yon to take them 2 cows and my big Pot and 5 head of hoGs and keeps them as long as yon live it is my Will for yon to have them an' do the best you can cos I must di and cant live you must mete me in hevean when dun wid wourld."

Precinct Meetings.

The chairman of the county committee, T. D. Newland, presided over the meeting of the democracy in the two Stanford voting places Saturday afternoon and A. G. Huffman, Jr., acted as secretary. On motion the chairman appointed W. G. Welch, J. P. Bailey, J. W. Alcorn, W. E. Varnon, D. W. Vandeveer, W. L. Dawson and S. S. Myers a committee to select a list of delegates to the convention to be held June 3d to nominate a candidate for the legislature and they reported approving the call for a delegated convention and naming the following delegates: J. P. Bailey, D. W. Vandeveer, L. L. Dawson, W. G. Welch, J. W. Alcorn, R. L. Porter, A. K. Denny Joseph Swope, W. E. Varnon, James Beazley and A. C. Robinson. It was further resolved that the delegates be instructed to aid and unite with the other delegations in selecting a nominee, who will best unite the party and promote its success, and represent its time-honored principles. The report was adopted and the meeting adjourned.

Jordon Peter Chandler presided over the Crab Orchard meeting with a great deal of dignity and D. B. Edmiston attended to the clerical duties. The following gentlemen were appointed delegates and were sent uninstructed: J. E. Carson, Dr. J. F. Pettus, W. A. Carson, J. P. Chandler and J. R. Bailey.

At Walnut Flat John G. Lynn presided at the meeting and R. C. Bywater and Hon. John S. Owsley were appointed delegates uninstructed.

Dr. Hawkins Brown was chairman of the Hustonville meeting and J. M. Cook secretary. An uninstructed delegation was sent as follows: L. B. Adams, John S. Goode, J. K. Helm, J. F. Drye, J. P. Riffe and J. B. McKinney.

Dr. Green Moore was chairman of the Turnersville meeting and Richard H. Givens secretary. J. W. Givens, Dr. Moore and J. M. Carter, Jr., were appointed delegates and instructed to vote for R. C. Warren for representative.

Mr. J. M. Carter presided over the Highland meeting and Henderson Baugh was named as delegate. See Hubble report for Stanford, No. 3.

Kingsville sent that sterling democrat, W. L. McCarty, to represent her.

LANCASTER, GARRARD COUNTY.

—It is reported that L. F. Hubble is a candidate for the State Senate.

—The Baccalaureate sermon delivered by Rev. H. C. Morrison Sunday was a good one.

—A. D. Clark, U. S. marshal, is here to remain a few days looking into the illicit sale of liquor. Whisky is almost as plentiful as water, as easy to get and more generally sought after.

—R. Boyle, Wm. Shugars and W. B. Moss were elected trustees for common school district No. 24, last Saturday. On the same day, with three new candidates in the field, one of them a negro; the old board of city fathers were re-elected.

—The "Pronouncing Bee" by the rhetoric class at the College Saturday night was exceedingly interesting. The first prize was awarded to Miss Lillian Renoer, of Missouri; the second to Miss Allie Yeiser, of Danville. After the exercises, the class was treated to a superb supper by Mrs. Bourne, the teacher.

—The villainous weather operated very much against Bro. Barnes' second lecture, as it did against the first, there being only about 125 present the last night. The great preacher said he regarded the attendance, under the circumstances, good, and was pleased with the receipts. The lecture excelled any ever delivered here.

In the next war armies will have to be employed chiefly in keeping out of the range of each other's guns or they will be annihilated. In addition to the repeating rifles, Gatling guns, dynamite guns and the like, the government has been experimenting with a six-pounder that fires 10 times a minute, or 50 times in four minutes and 20 seconds. There will be no charge like that of Pickett's men at Gettysburg against such weapons. —Philadelphia Ledger.

"This is the seventh time within two hours that you have asked me when the train left for Lansing," replied the policeman at the Third-street depot to a young man with a satchel.

"Is it against the law?"

"No, but it's rather annoying to me."

"Well, if it annoys you, how do you think I must feel about it? The fare is $2.60, and I've got to think of some way to get out there on $1.50."

Mother (severely)—"That dress is altogether too low, Lillie. I am surprised at you."

Lillie (turning very red)—"I hope you don't think it immodest, mamma. Helen Alstrip's are even much lower."

Mother—"But it is her fifth season and your second. If you exhaust your resources so soon what are you going to do next year?"—New York Mercury.

DON'T SWEAR.—I know some good men, some of the best in the world, who will "confound it," and even "dog-gone" it, and in New England even a deacon has been known under a terrible strain, to "condemn" it. But my friend, don't do it. Don't swear. It is not an evidence of smartness or worldly wisdom. Any fool can swear. And a good many fools do it. Ah! if you can only gather up all the useless, uncalled for, ineffective oaths that have dropped along the pathway of my life, it would remove stumbling blocks from many inexperienced feet, and my heart would be lighter by a ton than it is to-day. But if you are going to be a fool just because other men have been, oh, my son, what a hopeless fool you will be.—R. J. Burdette.

The Lair family, in Mercer, are real giants. There are besides the father and mother seven children. Mr. Lair's hight is 6 feet 2 inches; his wife stands 6 feet 3 inches; one son, the tallest, stretches the tape measure to 6 feet 8 inches; the smallest son runs it up to 6 feet 5 inches. The other members of the family stand two at 6 feet 6½ inches each; two stand at 6 feet 6¾ inches, while the other one measures 6 feet 7 inches full. These measurements are all taken in sock feet. All are well proportioned.

The Court of Appeals has construed the law in an appealed case that a justice of the peace, police judge or any other officer (except county judge) acting as an examining court, is entitled to $2 for each examining trial presided at by him, no matter how many such there may be in any one day, but he is entitled to only $1 for each day after the first and in no case exceeding $4.

The Verdict Unanimous.

W. D Suit, druggist, Bippus, Ind., testifies: "I can recommend Electric Bitters as the very best remedy. Every bottle sold has given relief in every case. One man took six bottles and was cured of Rheumatism of 10 years' standing." Abraham Hare, druggist, Bellville, Ohio, affirms: "The best selling medicine I have ever handled in my 20 years' experience is Electric Bitters." Thousands of others have added their testimony, so that the verdict is unanimous that Electric Bitters do cure all diseases of the Liver, Kidneys or Blood. Only half dollar a bottle at A. R. Is Consumption Incurable ?

Read the following: Mr. C. H. Morris, Newark, Ark., says: "Was down with Abscess of the Lungs, and friends and physicians pronounced me me an incurable consumptive. Began taking Dr. King's New Discovery for Consumption, and now on my third bottle and able to oversee the work on my farm. It is the finest medicine ever made." Jesse Middlewart, Decatur, Ohio, says: "Had it not been for Dr. King's New Discovery for Consumption I would have died of Lung Troubles. Was given up by doctors. Am now in the best of health." Sample bottles free at A. R. Penny's drug store.

SEMI-WEEKLY INTERIOR JOURNAL

STANFORD, KY., JUNE 4, 1889

W. P. WALTON.

THE most appalling disaster that ever startled this country occurred Friday afternoon at Johnstown, Pa., when a huge reservoir burst from the weight of the heavy rains, flooding the town to the depth of 38 feet, sweeping away hundreds of houses and drowning people there and in the towns below on the Conemaugh River to the number variously estimated at 800 to 10,000. Five or six towns were nearly annihilated and their inhabitants crushed, drowned or burned to death. The houses drifted against a viaduct and lodging, caught fire and hundreds of people in them and seeking their tops for safety, were burned in full sight of those on the bank, who were powerless to help them. Two passenger trains were swept from the track and their entire loads of human freight perished. The river banks for miles are strewn with dead bodies and the debris of houses and factories and 50,000 people are homeless. The loss to property is estimated at $20,000,000 and great suffering and starvation are being experienced by the unfortunate people, who call loudly for aid. The dessolation is horrible to contemplate and the catastrophe has made the whole world shudder.

ANOTHER man has put away a crown. John Barret, whom the republicans nominated for State treasurer, thinks, or at least he professes to, that the great and rapid growth of his party in the State in the past few years, together with the mismanagement of State affairs by the democratic party, foreshadows the success of the republican candidate in the coming contest and as the acceptance of the office would involve the abandonment of his profession and devolve upon him grave and responsible duties he is poorly qualified to fill, he declines as a candidate for an office which, in the contingency of a favorable result, would seriously interfere with the pursuit of his profession. It was sensible in Johnnie to decline the empty honor, but he might not have resorted to such stuff in making excuses. He does not nor cannot believe that his party could in any contingency win the race before us, or republican candidates for the office would be as thick as office-seekers are in Washington. It is too thin entirely, Johnnie.

IN forcing the president to withdraw the nomination of Hon. Beverly Tucker as one of the commissioners to Hayti, Gen. H. V. Boynton, the Washington correspondent of the Cincinnati Commercial-Gazette, shows that he is a "biger man" than Secretary Blaine, who suggested the appointment. The general has a spite against Blaine and is proud that he has been able to give it to him in the neck. The president's action in the matter is most contemptible and shows how easily he can be bluffed and bullied into an ungracious act.

THE Cincinnati Commercial has a column of entertaining talk by Gov. McCreary, who is in Washington looking after the interests of his constituents. The governor is very popular with the "boys" as the kind words from the republican reporters show. Before bidding "The Row" good-bye our Congressman said it might be worth while to mention that he had had two democrats appointed from his district—one a cadet at Annapolis and another at West Point, which was something to get out of a republican administration.

THE Alleghany Mountain region of West Virginia, Maryland and Pennsylvania has just experienced the heaviest flood since the deluge. The whole face of the country was a sheet of water and great damage to railroad and other property was done. The Pennsylvania road had 41 engines to be thrown into the river by the giving away of an embankment, besides sustaining great loss of track and bridges. The B. & O. and the C. & O. both also suffered seriously.

THE Barbourville News, owned by Mr. A. M. Decker and edited with much credit by T. Cravens, has been sold to George H. Dains and Judge C. W. Metcalf, who will try their hands at running a democratic paper in a republican stronghold. We wish them success in turning the people from the error of their way and hope that while they are doing so lucre will fill their pockets.

OLIVER W. ROOT, of Covington, is said to hone for the flesh pots of empty honors and has expressed his willingness to accept the republican nomination for treasurer, so proudly put away by Jack Barret. The committee, upon whom will now devolve the duty of selecting a candidate, will in all probability gratify his desire. It will then be Root hog or die with all the chances in favor of death.

IT is stated that Col John Young Brown, one of the most respectable if not the most respectable republican in Kentucky, will shortly announce his candidacy for governor. The colonel has represented his district several times in Congress and is a man of much ability. He is also said to be Harrisons' choice for government pie dispenser in Kentucky.

THE precinct delegations of representative and true democrats met in caucus here yesterday morning and after a full and fair discussion decided to recommend R. C. Warren to the convention as their choice for representative. They did so and their action was promptly endorsed by the large body which had gathered in the court-house. Mr. Warren accepted the nomination and defined his position on the prohibition law, which is the true democratic position; but of that and of the worthy nominee we will have much and more to say in the future. The democracy is going to elect him and Lincoln will once more have a representative that will do her honor.

WE acknowledge the justness of the Harrodsburg Democrat's rebuke in the article subjoined and beg Bro. Spottswood's pardon: "We would like to know on what grounds Editor Walton denominates Wm. O. Bradley "the little Kentucky rooster." No one objects to a particular friend calling Bradley a rooster, but when it comes to calling him *the Kentucky* rooster all our tail feathers go up in indignant protest. A Kentucky bird should be a fowl of rare plumage, with clean cut legs and a trim body, a clarion voice and a proud carriage. The doughty Colonel smacks too much of the dunghill breed to be justly called *the Kentucky* rooster.

THE Glasgow Times, with its usual truth and pointedness, says of National Committeeman McHenry: Only his relationship to the editor of the Courier-Journal placed him in and keeps him in, a position he by no means fills. His mention for the chairmanship of the committee would be laughable were it not too serious a matter.

THE Chairman of the State Central Democratic Committee, the Executive Committee and the State League of Clubs are to meet at the Phœnix Hotel, Lexington, at noon to day, to prepare for the coming campaign. Mr. R. C. Warren is Kentucky's representative in the National League and he has been invited to be present.

OUR Lancaster correspondent says that L. F. Hubble is a candidate for State Senator and we learn that Mr. R. H. Tomlinson, of the same city, is also a candidate. This gives us a three-cornered fight, Judge Breckenridge already being a candidate.

MR. J. L. BRUCE has announced his candidacy for the legislature in Boyle. This is about equivalent to an election and assures the county the be strepresentative it has had for years.

—Dr. Wm. Pennebaker, of the Society of Shakers, tells the Harrodsburg Sayings that there is no foundation for the rumor that they are disintegrating or that they are parcelling out the land they hold in common. The survey was simply to ascertain the correct number of acres in their tract.

HON. R. C. WARREN

Is Unanimously Nominated to Represent Lincoln County in the Next Legislature.

When County Chairman T. D. Newland called the convention to order at 1 o'clock yesterday, the Court-House was filled with people. J. W. Alcorn nominated Dr. Green Moore in a very complimentary speech for chairman and he was chosen. W. P. Walton was then on motion of J. M. Cook made secretary and a call of precincts for nomination was made.

When Stanford No. 2 was called, Mr. W. F. McClurry arose and in a manly speech, which endeared him further to his party, nominated Mr. R. C. Warren as the democratic candidate for representative. The other precincts seconded the nomination, and then on motion of Squire L. B. Adams it was made unanimous. On motion the chair appointed W. E. Varnon, L. B. Adams and W. F. McClary a committee to wait on Mr. Warren and inform him of the action of the convention. During their absence D. W. Vandeveer in response to calls, made a stirring speech calling on democrats to stand by their principles and not be led off on issues of local self-government.

Mr. Warren was introduced at this point and addressing the body made a short speech of thanks accepting the nomination. Calls for McClary were answered by that gentleman in further indorsing Mr. Warren and took occasion to refer to and define his position on the question of a re-submission of the prohibition law to the voters of the county. This caused Mr. Warren to define his views on the subject, which were that the people have the right, if they want to do so, to have the law amended so that a vote may be taken at some future time and he would have it so amended if it was desired, but that under no circumstances would he repeal it outright. This he claimed was democratic and just and upon this issue he was not afraid to go before an intelligent people. At the conclusion of his speech, which was frequently applauded, the convention adjourned.

A COUPLE of men went to the toll-house on the Preacheraville pike Friday night about 11 o'clock and demanded admittance from Mrs. Ware, the keeper. She promptly refused to let them in, when they tried all of the doors and windows, but failed to effect an entrance. After uttering a few oaths of vengeance, they left, promising a return visit.

A VERY pleasant party was given Miss Dovie Talbott by her uncle, Mr. John O. Neal, on Friday. A large number of the young people were present and a delightful evening was spent.

THE Female College commencement exercises will occur Thursday night at the Opera House, when the essays of the graduates will be sandwiched with music provided by Miss Dollie William's class.

BRAKEMAN EDWARDS denies positively, and his word is substantiated, that he painted a negro woman white and took her to the Rowland church. Another fellow there did paint a woman, but she was not taken to church. Mr. Edwards is said to have conducted himself well since he came here and stands well.

AHA, JUDGE VARNON!—"Who is the Lincoln county judge?" After some deliberation the answer, in concert, came: "We don't know his name, but he is the handsomest, as well as the youngest, widower in the county." Prof. Tompson acquiesced and discharged the case.—Hustonville cor. Danville Advocate.

NINE young ladies, including Miss Annie Denth, of Othenheim, this county, took the white veil at the Ursuline Convent, Louisville, Friday. The ceremony is an elaborate and beautiful one. The novitiate is dressed like a bride in white, and as the questions are answered by each a black habit is drawn over her attire and she is then a nun.

IN the county court yesterday the will of Mrs. Ben Helm was probated. Her husband is appointed executor without bond. It bequeaths her Montana property to her two children and gives the rest of her real and personal property in Kentucky and Florida to her husband. Mr. Sam F. Cowan left no will and J. N Menefee qualified as administrator.

OUR business manager sent a pair of unmentionables to his seamstress to fix a few days ago, but the thick-headed coon who took them mistook the house and handed the bundle to the young lady who came to the door, with the remark that he wanted them by that afternoon. The young lady with her visitor opened the package with a light heart, thinking of a treat of some kind, when they were horrified to find a pair of—. The matter was subsequently satisfactorially explained, but the blushes which suffused the b. m.'s face when he found out the situation continue to suffuse, and will account for the unusual redness.

THE concert at Hubble Friday night, given by Mrs. Priestley's music class, proved even more creditable than the performance here. The participants had gotten more used to the stage and exhibited little or no "stage fright," which even the professionals occasionally have to contend with. The programme was unchanged, save that a solo by Will Sever once and a couple of cornet solos by Joe F. Waters were added. All of the members acquitted themselves in a way deserving of praise and the general verdict of the large audience was that the performance was good from start to finish. A large number were present from Stanford, which was further proof that they had enjoyed the performance here and wanted to see more of it. The supper served by the ladies consisted of substantials, fruits and ices and was an excellent one, thoroughly evincing that the ladies of that vicinity are cusinists in the highest sense of the word.

BEAT 'EM AGAIN.—Although it rained and the weather was as cold as the dead of winter, the Danvilles were on hand Friday afternoon and played the first game of the new series. Not satisfied with being beaten twice by the INTERIOR JOURNALS they challenged them again and the result of the first game was as usual—a sore defeat. The score was 23 to 17 in favor of the I. Js., the large number of scores showing that there was poor playing all round. The fault was not with the players, however, but with the wet ball, which nobody could hold. Rice and Wilson constituted the battery for our nine and considering the circumstances did good work. At the seventh inning Severance rested Rice by pitching one inning and it was then that the Danvilles jumped from 7 to 17. Rice then took his position in the box, caught a fly and struck two men out, thus ending the game, with the I. Js. once more victorious. Tinsley, of the Danvilles, who impressed our boys at Danville as a holy terror in the box, was fearfully batted here, when Hann was given a chance to display his ability, and was also "knocked." The next game will be played at Danville Friday next.

WHILE W. W. White was coming to town yesterday he was attacked by a large yellow dog. He attempted to ride away from him when the dog followed. He then fired and put a bullet through his heart.

A MEETING of the tax-payers and patrons of school district No. 19 will be held at S. M. Carrier's store at 2 P. M., June 8, to consider plans for new schoolhouse. A full meeting is desired. L. H. Pryor, Chairman.

MR. SLAUGHTER was prepared to furnish a dinner for 500 persons last Saturday at Dripping Springs, but on account of the cold disagreeable weather the Picnic was postponed until the following Saturday, June 8th, when the same programme will be presented—dinner, ball, &c.

CANE.—Mr. A. M. Feland brought us in a bunch of cane that had gone to head, which very much resembles oats in appearance. Speaking of cane heading John Bright asserts that it only does so once in seven years, while old men say they never saw it before. Who knows the habit of Kentucky's noted product?

THE habeas corpus case of Gen. Sowders for bail did not come up before Judge Varnon yesterday, having been postponed for some reason. In the similar case of the Howards and Fee, charged with murder in Harlan county, the papers were not regular and no action was taken. Judge Varnon doubts whether he has jurisdiction even if the papers were in legal shape.

SINGULAR.—Mr. William Perkins tells us that William Teeters, who lives in his neighborhood, had a sow to give birth to 8 pigs or dogs as you choose to call them. They were perfect dogs save their heads which were those of a hog. They were curiosities and Mr. Teeters might have made a fortune had he not let his anger get the best of him when he found out they were not pigs, and killed them.

COLD.—Friday and Saturday were the coldest May and June days that have been experienced in this latitude for many a day. The mercury went down to 40 and but for the clouds a heavy frost would have ruined the crops. Fires were in demand and people shivered around in winter wraps and red noses as if they had been transferred suddenly to an Arctic region. Heavy rains fell Thursday and Friday, and yesterday another cold and not needed one was falling.

FOREPAUGH'S 25 cent circus, one of the best shows of the kind for the money, is still with us. The heavy rains have greatly interferred with the business, which has been light. They gave two performances yesterday and will go to Junction City to-day. The whole party is well behaved and have favorably impressed our people. Mr. W. R. Forepaugh, the manager, is as clever a fellow as is in the business. We commend the show as one extra good for the money.

FIRE.—At 8:30 yesterday morning fire broke out in a house owned by Mrs. George D. Wearen and occupied by Maria Brown and Ambrose Merritt, located on the creek back of the Presbyterian church. After it was half burned somebody thought of the force pump and hose that belong to the town and they were brought into good service in preventing a spread of the flames. Most of the furniture was saved and the loss is principally on Mrs. Wearen who valued the house at about $200. No insurance.

FROM LINCOLN.—J. M. Shackleford, just appointed U. S. judge in Oklahoma, is a native of this county, having first seen the light on the old Bennett Cloyd farm some 62 years ago. Many of the older citizens remember him as a rather bright boy of gentlemanly mein and prepossessing address. His father moved from this county when the judge was just entering manhood, but a number of men in this section served in the regiment that he commanded during the war. Those who know say that the appointment is a very meritorious one.

INDICTED FOR LIBEL.—We learn that by instructions from Judge Boyd the grand jury of Laurel indicted the editor of this paper for criminal libel, in publishing an article from a gentleman there in whom he had confidence, that the court had suppressed indictments against republicans for election frauds and allowed only those against democrats to stand. We did this in good faith and without malice and are willing to face any jury of gentlemen on the question. Judge Boyd seems disposed to throttle the press and he may be able to do so in his district, but we will say to him here and always that he cannot frighten this paper. We have neither time nor space at the late hour that we received the intelligence to say more at present, but Judge Boyd may expect to hear from us early and often on the subject.

—As the flood receded from Johnstown an unprecedented scene of desolation, wreckage and death was presented. The city is completely gone, no less than 1,500 buildings having been entirely swept away. The dead are everywhere, and the most conservative place the loss of life at Johnstown alone at 5,000 people, while the fatalities at other points will when heard from swell the list to an extent that cannot even be approximated. To add to the horror much of the debris is on fire, and the dead are being despoiled of personal effects.

Mass Conventions Called in the 18th Senatorial District.

THE Senatorial Committee of the 18th district met here yesterday, Lincoln and Boyle being represented by their committeemen and Garrard and Casey by proxies, and after discussion it was

RESOLVED, 1. That a democratic convention be called to select a candidate for the State Senate from this district.

2. That the democrats of the four counties composing the district meet in mass convention at the court-houses of their respective counties on the 29th of June and vote for a candidate for the nomination for said position, and the candidate receiving the largest number of votes shall be entitled to the whole vote of that county, and the chairman of the committee of each county will meet at the Court-House in Stanford on July 1, 1889, to cast the vote of their respective counties, in accordance with the certificate of the secretary of said meeting, showing who received a majority of said votes and the chairman of this district will declare the man receiving a majority of the votes the nominee of the party for State Senator of the 18th district.

3. Each county will be entitled to one vote for each 100 democratic votes and a vote for each fractional part thereof over 50 cast for Cleveland for president.

4. That none but democratic voters will be permitted to take part in the mass meetings to be held under this order and all voters taking part in said meeting will obligate themselves to support the nominee.

The mass meetings are to be held at 2 o'clock in each county.

THE EQUITY LIFE ASSOCIATION OF VA.—After examining the condition, standing and plans of the Equity Life of Va. we take pleasure in recommending the company as a safe, good and reliable one. The name of its president, Governor Lee, and other officers who stand high as gentlemen of honor and integrity, should be a sufficient guarantee for solvency, honesty and fair dealing.

The following is from R. L. Barnett, of the Harrodsburg Democrat, under head of "A Card," in that paper: "I am pleased to say that I am personally acquainted with several of the officers of the Equity Life Association, of Staunton, Virginia, and that their connection with it is sufficient guarantee of the company's reliability and excellence. R. L. BARNETT. This Company is represented by Dr. P. W. Logan, Gen. Man. for Kentucky."

Long-Standing

Blood Diseases are cured by the persevering use of Ayer's Sarsaparilla.

This medicine is an Alterative, and causes a radical change in the system. The process, in some cases, may not be quite so rapid as in others; but, with perseverence, the result is certain. Read these testimonials:—

"For two years I suffered from a severe pain in my right side, and had other troubles caused by a torpid liver and dyspepsia. After giving several medicines a fair trial without a cure, I began to take Ayer's Sarsaparilla. I was greatly benefited by the first bottle, and after taking five bottles I was completely cured."—John W. Benson, 70 Lawrence st., Lowell, Mass.

Last May a large carbuncle broke out on my arm. The usual remedies had no effect and I was confined to my bed for eight weeks. A friend induced me to try Ayer's Sarsaparilla. Less than three bottles healed the sore. In all my experience with medicine, I never saw more

Wonderful Results.

Another marked effect of the use of this medicine was the strengthening of my sight."—Mrs. Carrie Adams, Holly Springs, Texas.

"I had a dry scaly humor for years, and suffered terribly; and, as my brother and sister were similarly afflicted, I presume the malady is hereditary. Last winter, Dr. Tyron, (of Fernandina, Fla.,) recommended me to take Ayer's Sarsaparilla, and continue it for a year. For five months I took it daily. I have not had a blemish upon my body for the last three months."—T. E. Wiley, 146 Chambers st., New York City.

"Last fall and winter I was troubled with a dull, heavy pain in my side. I did not notice it much at first, but it gradually grew worse until it became almost unbearable. During the latter part of this time, disorders of the stomach and liver increased my troubles. I began taking Ayer's Sarsaparilla, and, after faithfully continuing the use of this medicine for some months, the pain disappeared and I was completely cured."—Mrs. Augusta A. Furbush, Haverhill, Mass.

Resolutions of Respect.

At a called meeting of the board of directors of the National Bank of Hustonville, May 25, 1889, present Dr. Ed Alcorn, T. J. Robinson, J. W. Powell, the following action was taken, viz:

Having learned with deep regret of the death of our esteemed co-laborer and efficient fellow official, Mr. Samuel Cowan, we claim the privilege of expressing our sense of his worth, our grief over his loss and our sincere sympathy with his mourning family. Mr. Cowan was widely known as a man without reproach, the soul of honor, strict in integrity, wise in counsel, strong in convictions, genial in temperament, industrious in habits—in short, a useful citizen and a reliable friend. As a testimonial to his memory we will spread this brief expression on our records and request that the INTERIOR JOURNAL, of Stanford, and Advocate, of Danville, give it a place in their columns.

E'W'D ALCORN,
T. J. ROBINSON,
JAS. W. POWELL.

The Paris Girl.

There is one peculiarity about the Paris girl which, while it provides a somewhat delicate subject to remark upon, is so extraordinary that we must forget our blushes and contemplate it. I refer to the excessive development of the bust among nearly all French women. According to our ideas about the formation of true beauty, this amounts to almost a deformity. It is a most surprising thing to see a spindle-legged girl tripping along the avenue with a torsol protuberance for all the world like a pouter pigeon. And what is still more surprising is the thought that, as a rule, this is entirely *au natural*. I scarcely know how to account for this phenomenal growth of the Parisienne, unless it is that so many of these girls that we see on the streets and at the theatres are the daughters of country women, who were accustomed to working in the fields and bearing loads on the head. Their children have inherited the fine development of the neck and shoulders induced by this muscular employment. However much of truth there may be in a surmise of this sort, the fact remains that the girls here are extraordinary in the matter of busts. I have often marveled at the shapes of French women as we get them in the comic papers. I now see the basis of the caricature. I am very often compelled smile at the sight presented by a girl as she bobs along the boulevard like a bird, with the chest of a hussar and the limbs of a sand-piper.—From ClaraBelle's Letter.

During the 18 hours ending at 9 o'clock this morning there fell in Louisville nearly three inches of rain, the heaviest precipitation for the year in that space of time. This makes the rainfall for the month in excess of the average for May, and reduces the deficiency for the first five months of the year from 11 to 8 inches. Three inches of rain, according to a calculation made by our office cat, is 300,375 pounds to the acre—46,502 gallons, 1,476 barrels, 738 hogsheads. Such a supply of moisture, though not particularly needed at this juncture, provides a convenient surplus in the surface reservoirs of the earth upon which to draw during the dry summer season.—Louisville Times, 30th.

The Cincinnati Enquirer has a correspondent whose sole duty it is to visit prohibition States and give the result of his observation. In a letter from there he says: "Figures prove that prohibition does not prohibit in Kansas. Under its operation the sale of tax stamps to liquor dealers has increased until they reach nearly 3,000 and yield the government a revenue of $75,000 a year. Every one who wants lug juice in Kansas can get it. Three thousand saloons are in full blast vending "red-eye." These figures tell their own story and when your prohibitionits is confronted with them he shudders and reddens and grinds out some excuse to destroy their force.

It is the pensioning of deserters—and thousands of them are now feeding at the public crib—of bounty jumpers, thousands of whom never heard a hostile gun fired, of coffee-coolers who did immense damage to the commissary department and not a particle of injury to the confederates in arms, of aliens, who draw their quarterly stipends from the public treasury, though living in Europe and paying fealty to foreign governments, that is objected to. The men who fought and suffered are entitled to the most liberal pensions, but unfortunately for them and for the people, tens of thousands who neither fought nor suffered are supported at the public expense.—Times.

You may sing of the beauty of sprightliness
That glows on the cheek of the young,
But I sing of a beauty that's rarer
Than any of which you have sung.
The beauty that's seen in the faces
Of women whose summer is o'er,
The autumn-like beauty that charms us
Far more than the beauty of yore.

But this beauty is seen too rarely. The faces of most women lose the beauty of youth too soon. Female disorders are like frosts which come to nip the flowers which beteken good health, without which there can be no real beauty. If our American women would fortify themselves against the approach of the terrible disorders so prevalent among them, by using Dr. Pierce's Favorite Prescription, their good looks would be retained to a "sweet old age." This remedy is guaranteed cure for all the distressing weaknesses and derangements peculiar to women.

Dr. Pierce's Pellets, one a dose. Cure headache, constipation and indigestion.

The Pride of Woman.

A clear pearly and transparent skin is always a sign of pure blood, and all persons troubled with dark, greasy, yellow or blotched skin can rest assured that their blood is out of order. A few doses of Beggs' Blood Purifier & Blood Maker will remove the cause and the skin will become clear and transparent. Try it, and if satisfaction is not given it will cost you nothing. It is fully warranted. A. R. Penny, Druggist.

Beauty

Is desired and admired by all. Among the things which may best be done to enhance personal beauty is the daily use of Ayer's Hair Vigor. No matter what the color of the hair, this preparation gives it a lustre and pliancy that adds greatly to its charm. Should the hair be thin, harsh, dry, or turning gray,

Ayer's Hair Vigor will restore the color, bring out a new growth, and render the old soft and shiny. For keeping the scalp clean, cool, and healthy, there is no better preparation in the market.

"I am free to confess that a trial of Ayer's Hair Vigor has convinced me that it is a genuine article. Its use has not only caused the hair of my wife and daughter to be

Abundant and Glossy,

but it has given my rather stunted mustache a respectable length and appearance."—R. Britton, Oakland, Ohio.

"My hair was coming out (without any assistance from my wife, either). I tried Ayer's Hair Vigor, using only one bottle, and I now have as fine a head of hair as any one could wish for."—R. T. Schmittou, Dickson, Tenn.

"I have used Ayer's Hair Vigor in my family for a number of years, and regard it as the best hair preparation I know of. It keeps the scalp clean, the hair soft and lively, and preserves the original color. My wife has used it for a long time with most satisfactory results."—Benjamin M. Johnson, M. D., Thomas Hill, Mo.

"My hair was becoming harsh and dry, but after using half a bottle of Ayer's Hair Vigor it grew black and glossy. I cannot express the joy and gratitude I feel."—Mabel C. Hardy, Delavan, Ill.

Danville Wilkes!

2:34½.

(Sire of Sallie Vagen 2 28.)

Bay, 15¾ hands high. Standard; Volume VIII, A. T. R. (1887.)

SIRED BY LYLE WILKES 4658,

By Georges Wilkes 2 22, sire of 61 in 2 30 or better

1 dam Flora by Skedaddle [thoroughbred.]
2 dam Medley by Old Wasey, by Henthune, pacer.
3 dam by Shelton's Telegraph.
4 dam by Frank [thoroughbred.]

Danville Wilkes has started in five races, won three of them in straight heats and third money in fourth.

Danville Wilkes is also the first and only grandson of George Wilkes that has produced one in 2 30 or better. Danville has two more of his get that are now in training and, barring accidents, will make records of 2 30 or better; besides, I am confident that Danville Wilkes will lower his record of 2 34½ to 2 25. He has been timed the last half in a race in 1 10½.

Danville Wilkes has proven himself a fine breeder and is sure to produce trotters and parties can have a chance to get his produce now for a very low price—

$25 to Insure a Living Colt.

The best of care taken with mares and grass at the usual rate, but not responsible for accidents should any occur.

Immediately after the close of the season Danville Wilkes will go into training for a faster record.

Parties that are well informed know that the thoroughbred blood must be in the trotter and Danville Wilkes certainly has plenty of it, his dam being by a thoroughbred horse, and then the pacing cross he has should tend to produce fast and good race horses.

Danville Wilkes will make the season at the Fair Grounds, Danville. W. M. RUE.

THE COMBINED STALLION,

HARRISON CHIEF, JR.,

Will make the season of 1889 at my stable between Shelby City and Milledgeville, in Lincoln county, on the Danville and Hustonville pike, at

$15 to Insure a Living Colt

Sound and all right. Will not be allowed to serve mares that are not regular breeders. Money due when the colt comes, mare sold or transferred. A lien will be held on all colts until paid for.

Description and Pedigree:—Harrison Chief, Jr, is a red sorrel, stands 15 hands 3 inches in height, 4 years old this spring; has big tail and mane. He is by Harrison Chief, he by Clark Chief, the sire of Lady Thorne 2 18. His dam Lute, the dam of Hanker 2 29¾. The dam of Harrison Chief, Jr, is by a son of Walton's Mambrino, he out of a mare by Alexander's Abdallah, 2d dam by Minevolsey, he by old Lexington; 3d dam by Shawhan's Tom Hill, he by Ball Stockings, 4th dam by Ituvy Crockett; 5th dam by Halcorn, 6th dam by Wells' Crusader.

Mr. W. H. Wilson, of Cynthiana, Ky., sold a combined gelding, a full brother of Harrison Chief Jr, for $1,200; also sold two others at $1,750. Mr. Abe Renaker sold another combined gelding for $900, so you can see the breed of this colt is more sought after than any other stallion as they bring better prices than any other stallion.

Mares kept at $4 50 per month on grass. Care taken to prevent accidents but not responsible should any occur. C. T. SANDIDGE
